PROFESSIONAL SUMMARY

Results-driven web developer with a strong foundation in computer science and design, leveraging expertise in Java, Python, HTML, CSS, JavaScript, and PHP to deliver high-quality web applications. Proficient in Firebase, MongoDB, Express, React, and Node.js, with experience in Android app development using Flutter and Street View Map. Proven problem-solving skills and ability to work in a team, as demonstrated by securing First Prize in a 24-hour national-level online hackathon.

TECHNICAL SKILLS

Java • Python • Html • CSS • JavaScript • Php • Firebase • MongoDB • Express • React • Node • Flutter • Street View Map

WORK EXPERIENCE

Diploma Trainee Engineer — 23/12/2021 - 22/12/22

BAJAJ Auto Pvt Ltd Chakan , Pune

- Utilized problem-solving skills to develop practical solutions in a real-world engineering environment. Collaborated with team members to achieve project goals and deadlines. Demonstrated adaptability and flexibility in a fast-paced industry setting.

Web Developer — 20/02/25 - 20/02/25

Edu-Revo

- Designed and developed web applications using HTML, CSS, JavaScript, and PHP. Implemented responsive web design principles to ensure cross-browser compatibility and user experience. Collaborated with team members to identify and resolve technical issues.

PROJECTS

KSRTC Connect

KSRTC Connect is an Android application designed for real-time bus tracking using live driver location data. The app enables passengers to track the current location of KSRTC buses accurately and view nearby bus stops for better trip planning. It supports multiple languages to ensure accessibility for a diverse user base and improve overall commuter experience.

AI Based Smart Platform for Career Development

An AI-based career development platform that analyzes resumes using NLP techniques to extract and store candidate information. The parsed data is used to power features such as resume building, mock interviews, speech tests, and personalized career guidance including job and career path recommendations.
