SUMMARY

Results-driven Web Developer with 1 year of industry experience in Bajaj Auto Pvt. Ltd., leveraging expertise in Java, Python, HTML, CSS, JavaScript, and PHP to deliver high-quality web applications. Proficient in modern software technologies, including Firebase, MongoDB, Express, and React. Proven problem-solving skills and ability to work in a team environment.

EXPERIENCE

Diploma Trainee Engineer

2021-12 - 2022-12

BAJAJ Auto Pvt Ltd Chakan, Pune

Developed and implemented software solutions using Java and Python to improve process efficiency and productivity. Collaborated with cross-functional teams to design and deliver web applications using HTML, CSS, and JavaScript. Utilized PHP to develop and maintain web applications. Participated in code reviews and ensured adherence to coding standards. Applied problem-solving skills to resolve technical issues and improve overall system performance.

PROJECTS

KSRTC Connect

Technologies: Flutter, Firebase, Street view map

KSRTC Connect is an Android application designed for real-time bus tracking using live driver location data. The app enables passengers to track the current location of KSRTC buses accurately and view nearby bus stops for better trip planning. It supports multiple languages to ensure accessibility for a diverse user base and improve overall commuter experience.

AI Based Smart Platform for Career Development

Technologies: MongoDB, Express, React, Node, Firebase, Groq

An AI-based career development platform that analyzes resumes using NLP techniques to extract and store candidate information. The parsed data is used to power features such as resume building, mock interviews, speech tests, and personalized career guidance including job and career path recommendations.

Gram - Connect

Technologies: Flutter, Firebase, Street view map

Gram - Connect is a comprehensive platform designed to empower local communities and tourists. It combines a social space for discovering local places with practical tools for civic engagement. The app directly addresses pressing issues such as illegal garbage dumping, food wastage, and low awareness of historical and cultural sites by providing a one-stop solution for community-driven initiatives and information.

EDUCATION

Govt Higher Secondary School Kuttikattoor 2018

Plus Two

A W H Polytechnic College Kuttikattoor 2021

Diploma in Mechanical Engineering

Govt Engineering College Kozhikode 2026

Btech

SKILLS

Java • Python • Html • CSS • JavaScript • Php • Firebase • MongoDB • Express • React • Node • Flutter

ADDITIONAL ACTIVITIES

Bootcamp on Artificial Intelligence -

NIELIT Calicut | 15/01/2024 - 21/01/2024

The bootcamp was conducted NIELIT Calicut in association with GEC Kozhikode as a part of FutureSkills PRIME project

24-Hour Online Hackathon - Code for India - First place

MU Learn GEC Kozhikode | 16/08/2025 - 16/08/2025

Secured First Position in a 24-Hour Online Hackathon – Code for India, representing Team TRACEX from Government Engineering College Kozhikode. Implement an innovative solution within a limited timeframe, demonstrating strong problem-solving, teamwork, and technical skills.

Web Development Hackthon -

EDU - REVO & Tomercon Developers LLP | 14/02/2025 - 16/02/2025

participated in a Web Development Hackathon organized by EDU-REVO in association with Tomercon Developers LLP, securing a score of 83/100. Demonstrated strong proficiency in HTML, CSS, JavaScript, responsive design using Bootstrap, UI/UX principles, code quality, and GitHub deployment. Built a fully functional, mobile-responsive web application under evaluation-based criteria including design, interactivity, responsiveness, and structured coding practices.

Workshop: Web Development Internship

EDU - REVO & Tomercon Developers LLP | 26/07/2024

Gained hands- on experience in web development and developed practical problem-solving skills through structured internship training.
